

Center-based Program implemented in Alternative Venue (CBPAV): CURRICULUM

The CBPAV follows a **flexible curriculum** that is guided by the National Early Learning Curriculum (NELC) and adapts to current emergency situations in the local context. It also takes into consideration the child's family setting and the availability of resources in their home or locality.

National Early Learning Curriculum	+ Emergency Situation
Developmentally Appropriate Activities	Activities that explain and process emergency situations such as typhoon/flood, earthquake, volcanic eruption, fire, armed conflict, and disease outbreak.
Child-Centered Curriculum	
Learning Experiences through Exploration and Sensory Stimulation Activities
