City/Municipal Social Welfare and Development Officers

SUBJECT : **Implementation of Center-Based Program implemented in Alternative Venue (CBPAV) and other modalities in cases of emergencies**

DATE : **May 3, 2023**

The Philippine Atmospheric, Geophysical and Astronomical Services Administration (PAGASA) has continuously posted information regarding heavy rain showers and dangerous heat level index for various parts of the country. The Department of Education has also reiterated its implementation of Modular Distance Learning in the Event of Natural Disasters, Power Outages/Power Interruptions and Other Calamities. The ECCD Council, likewise, would like to remind Child Development Centers to implement Center-Based Programs Implemented in Alternative Venues (CBPAV) in situations where centers are available but temporarily inaccessible due to closure brought about by disasters, health and other emergencies.

The Local Government Units are advised to assess the current weather situations in their localities and determine the most appropriate learning modality when necessary.
