**SUBJECT:** Online Survey on LGU Readiness for the Pilot Implementation of  
ECCD-IS Version 3 in 2025

---

In preparation for the rollout of the Early Childhood Care and Development – Information System (ECCD-IS) Version 3 in 2026, the ECCD Council is conducting an online survey to assess the readiness of LGUs for the initial implementation scheduled in 2025.

This survey will also help gauge the current status and preparedness of LGUs in complying with the indicators related to the SGLG and CGLFA and aims to gather information on:

- Participation in ECCD-IS trainings
- Current level of readiness
- Available resources and existing gaps
- Support needed for successful implementation

The information collected will guide the ECCD Council in designing appropriate interventions, capacity-building initiatives, and support mechanisms to ensure a smooth rollout of ECCD-IS Version 3.

We kindly request you to accomplish the online survey on or before **June 13, 2025**, through the link that will be sent to your respective email addresses.

All responses will be treated with strict confidentiality and in accordance with the Data Privacy Act of 2012 (RA 10173). Data will be used solely for planning, program development, and policy formulation relevant to ECCD-IS implementation.

For your information and guidance.
